

***The Fifth International Conference on  
Protective Measures against Terrorist  
Bombing and Criminal Use of  
Explosives***

***St. Petersburg, Russia  
October 20-22, 2009***

---

**First Announcement**

The Fifth International Conference on Protective Measures against Terrorist Bombing and Criminal Use of Explosives is held by the Russian Academy of Missile and Artillery Science and St. Petersburg University of State Fire Fighting Service (Russian Ministry of the Emergency Situations), with the assistance of Russian Interior Ministry and the Federal Security Service.

The host for the conference is the St. Petersburg University of Fire Fighting Service (Moskovsky pr., 149, St. Petersburg, 196015, subway station "Elektrosila"), October 20 – 22, 2009.

Proposed issues for discussion are:

- Current engineering means of bomb detection, isolation, transportation and neutralization.
- Methods of buildings and structures protection against terrorist bombing and criminal use of explosives
- Protection of aircrafts and other vehicles against terrorist bombing and criminal use of explosives
- Experience in counteraction to terrorist bombing and criminal use of explosives
- Legislation law, system of training specialists and emergency management in accident prevention.

The official language of the conference is Russian
